Re: Planning application 17/0053/03.

Dear Mr. Short,

From this we see that the coach traveller's Exeter City waiting room experience will be in the tiniest of rooms with half a coach worth of seating and no facilities at all, in particular toilets. Coach waiting rooms have a special place in the national black joke book. Are we really trying to outdo everywhere in inadequacy? The Planning Subcommittee of the Exeter Civic Society object to this scrap of a provision and wish to press for its refusal and for a serious rethink.

Neither were we attracted to the bulk, look nor height of this student tower block and would therefore be pleased to see a reconsideration of the whole proposal.

Yours Sincerely

Chris Watson.

On behalf of the Planning Sub-Committee of the Exeter Civic Society.
